What is CCAC?

CAMPUS CLIMATE ACTION CORPS

The first nationwide AmeriCorps program solely dedicated to campus-based, community-led climate action.

MORE ABOUT US...

The Campus Climate Action Corps (CCAC) Project is a Campus Compact initiative that aims to build the capacity of campuses and their community partners to create change that leads to increased energy efficiency and improvements for at-risk ecosystems by implementing local solutions for underserved households and communities.

Teams of AmeriCorps members serving from host campuses across the US facilitate collaborative efforts to promote environmental awareness and mitigate the impacts of the climate crisis in their surrounding communities.

WHAT WE DO

- Foster Campus & Community Partnerships
- Host Educational Events
- Conduct Basic Home Energy Assessments
- Provide Energy Assistance Referrals
- Provide Low-tech Energy Efficiency Interventions
- Implement Ecosystem Health Projects
